NEW QUESTION: 3The principle of accountability is a principle by which specific action can be traced back to:**A.** A group**B.** A policy**C.** An individual**D.** A manager**Answer: C****Explanation:**The principle of accountability has been described in many references; it is a principle by which specific action can be traced back to an individual. As mentioned by Idrach, any significant action should be traceable to a specific user. The definition of "Significant" is entirely dependant on your business circumstances and risk management model. It was also mentioned by Rino that tracing the actions of a specific user is fine but we must also be able to ascertain that this specific user was responsible for the uninitiated action.

NEW QUESTION: 4What are the statistics of the output of the switch analysis report? (Multiple choice)**A.** Number of successful handovers**B.** Number of switching**C.** Switching success rate**D.** Number of handover failures**Answer: A,B,C,D**
