Get approved at work to increase your chips.

NEW QUESTION: 1A. Option **CB.** Option **DC.** Option **AD.** Option **B****Answer: D****Explanation:**Cisco default encapsulation is HDLC which is by default enabled on all cisco router. If we want to enable other encapsulation protocol(PPP,X.25 etc) we need to define in interface setting. But here except s1/1 all interface defined by other encapsulation protocol so we will assume default encapsulation running on s1/1 interface and s1/1 interface connected with North

NEW QUESTION: 2The information security policy that states 'each individual must have their badge read at every controlled door' addresses which of the following attack methods?**A.** Impersonation**B.** Piggybacking**C.** Shoulder surfing**D.** Dumpster diving**Answer: B****Explanation:** Explanation/Reference:Explanation:Piggybacking refers to unauthorized persons following authorized persons, either physically or virtually, into restricted areas. This policy addresses the polite behavior problem of holding doors open for a stranger, if every employee must have their badge read at every controlled door no unauthorized person could enter the sensitive are A. Looking over the shoulder of a user to obtain sensitive information could be done by an unauthorized person who has gained access to areas using piggybacking, but this policy specifically refers to physical access control. Shoulder surfing would not be prevented by the implementation of this policy. Dumpster diving, looking through an organization's trash for valuable information, could be done outside the company's physical perimeter; therefore, this policy would not address this attack method. Impersonation refers to a social engineer acting as an employee, trying to retrieve the desired information. Some forms of social engineering attacks could join an impersonation attack and piggybacking, but this information security policy does not address the impersonation attack.

NEW QUESTION: 3Hotspot QuestionFor each of the following statements, select Yes if the statement is true.Otherwise, select No. Each correct selection is worth one point.**Answer:** Explanation:
