NEW QUESTION: 3**A.** NAT**B.** dual-stack**C.** L2TPv3**D.** 6to4 tunneling**Answer: D**

NEW QUESTION: 4Company Background Corporate InformationWindaus Press is a private publishing house which publishes books and magazines. There are 250 employees in this company. Windaus Press has four subsidiary companies in North America.Existing Environment Existing Licensing SolutionWindaus Press consists of a head office and many branch offices. Windaus Press purchases Licenses for all branch offices under an Open License agreement without Software Assurance. The agreement includes licenses for Microsoft Office Professional 2003, Windows XP Professional Upgrade. The Open License agreement has been out of date. Business Requirements Planned ChangesBecause of the financial crisis, the company's profits have fallen. Therefore the company decides to cut down operating costs, the company plans to reduce the staff and the number of desktops and portable computers. Some former employees will work for the company as casual labors after the cost reductions. Since casual labor will also work for other companies, all of them must purchase their own laptops. For the casual labors, the company plans to implement a collaboration solution. This collaboration solution must not require a server. All employees will need a new third-party accounting application. This application requires Office Professional 2007.Business GoalsWindaus Press aims to achieve the following business goals: Prevent all casual labors from accessing the company's internal network Upgrade Microsoft software to the latest version when available Implement a collaboration solution for casual labors only Avoid external financing for licenses and cut down initial licensing costs Protect the data on laptops owned by the company in case of theft Select a licensing solution that allows the company to cut down the number of licenses for computers QuestionWhich of the following features of Windows Vista Enterprise supports the business goals of Windaus Press for desktop security?**A.** Microsoft Virtual PC**B.** Windows BitLocker Drive Encryption**C.** Multilingual User Interface (MUI)**D.** Subsystem for Unix-Based Applications (SUA)**Answer: B**
