NEW QUESTION: 1A. Option AB. Option DC. Option CD. Option B **Answer: A** Explanation: Push notifications, in the form of badges, icons, or alerts, can be sent to a Windows Phone even when the mobile application is inactive. Push notifications notify a user of events such as a new or missed IM invitation and voice mail. You can enable or disable push notifications for Windows Phone devices by using either Lync Server 2013 Control Panel or Lync Server 2013 Management Shell. NEW QUESTION: 2 Click the Exhibit button. Referring to the exhibit, which two statements are true? (Choose two.) **A.** A BGP full mesh is only required between PE-1 and PE-2. **B.** MPLS must only be enabled on PE-1 and PE-2. **C.** A BGP full mesh is required between P1, P2, PE-1, and PE-2. **D.** MPLS must be enabled on P1, P2, PE-1, and PE-2. **Answer: A,D**

NEW QUESTION: 3 Name three items that illustrate the business value of an integrated stack approach. **A.** The integrated stack method of product development optimizes performance. **B.** To a smaller customer an integrated stack means that they need to purchase everything from one vendor. **C.** Multiple products from multiple vendors add up to an easier support structure and less fingerpointing when issues arise. **D.** Support and implementation issues are minimized with an integrated stack. **E.** An integrated stack will help to deliver faster innovation. **Answer: A,D,E** Explanation: Incorrect: Not B: With a single vendor providing all the elements for an application platform, finger pointing is eliminated and problem resolution takes less time. Note: *Oracle's product research and engineering expertise spans the entire stack - from storage, networks, compute and operating systems, to middleware, enterprise applications and

databases - and is integrated and validated to work together to take the guesswork out of deploying complex solutions.*Oracle is the only high technology company with all the software and hardware components to deliver an infrastructure that can transform and streamline business operation. Indeed, Oracle's application-to-disk stack is so well integrated and tuned that it provides less risk, better performance, and easier management for application environments*Oracle's end-to-end solution stack includes Oracle's innovative servers and storage systems, the industry's only end-to-end virtualization portfolio, robust Oracle Solaris and Oracle Linux operating environments, Oracle Database, middleware, premier enterprise applications, and industry-leading management tools. For years, Oracle has strived to integrate, test, and certify these technologies to work together to deliver the functionality, performance, security, and reliability companies can depend on to get the job done.*The Oracle integrated stack.

NEW QUESTION: 4You manage a Microsoft Dynamics 2016 on-premises installation.You install the Microsoft Dynamics CRM website with a port number other than 80.You need to ensure that Microsoft Dynamics CRM users are able to connect to the Microsoft Dynamics CRM Web server without having to specify the port number.What should you do?**A.** Configure folder redirection in Internet Information Service (IIS).**B.** Configure a host header in Internet Information Service (IIS).**C.** Use Deployment Manager to change the URL while specifying the unique port.**D.** Configure network load balancing.**Answer: D**
