NEW QUESTION: 3 In AWS, which security aspects are the customer's responsibility? Choose 4 answers **A.** Encryption of EBS (Elastic Block Storage) volumes **B.** Decommissioning storage devices **C.** Patch management on the EC2 instance's operating system **D.** Security Group and ACL (Access Control List) settings **E.** Controlling physical access to compute resources **F.** Life-cycle management of IAM credentials **Answer: A,C,D,F** **Explanation:** Explanation Physical and Environmental Security AWS's data centers are state of the art, utilizing innovative architectural and engineering approaches. Amazon has many years of experience in designing, constructing, and operating large-scale data centers. This experience has been applied to the AWS platform and infrastructure. AWS data centers are housed in nondescript facilities. Physical access is strictly controlled both at the perimeter and at building ingress points by professional security staff utilizing video surveillance, intrusion detection systems, and other electronic means. Authorized staff must pass two-factor authentication a minimum of two times to access data center floors. All visitors and contractors are required to present identification and are signed in and continually escorted by authorized staff. Storage Decommissioning* When a storage device has reached the end of its useful life, AWS procedures include a decommissioning process that is designed to prevent customer data from

being exposed to unauthorized* individuals.* AWS uses the techniques detailed in DoD 5220.22-M (National Industrial Security Program Operating Manual) or NIST 800-88 (Guidelines for Media Sanitization) to destroy data as part of the decommissioning process.* All decommissioned magnetic storage devices are degaussed and physically destroyed in accordance with industry-standard practices.

NEW QUESTION: 4The virus signature database on the device needs to be continuously upgraded from the security center platform. Which of the following is the URL of the security center platform?**A.** support.huawei.com**B.** sec.huawei.com**C.** www.huawei.com**D.** security.huawei.com**Answer: B**
