Because C_S4CFI_2402 test engine have covers all important test points you need.

NEW QUESTION: 1You have just installed an ESXi 6.x Host. As part of your company security regulations, a security banner must be presented on the console of the host. How can this action be accomplished?**A.** This is configured from the Direct Console User Interface configuration menu.**B.** Configure the Advanced Settings > Annotations screen of the ESXi host.**C.** It is not possible to configure a security banner for the ESXi host.**D.** From vCenter Server, this setting is configured globally in the vCenter Server configuration.**Answer: B**

NEW QUESTION: 2An organization is considering the use of a thin client architecture as it moves to a cloud-hosted environment. A security analyst is asked to provide thoughts on the security advantages of using thin clients and virtual workstations. Which of the following are security advantages of the use of this combination of thin clients and virtual workstations?**A.** Malicious insiders will not have the opportunity to tamper with data at rest and affect the integrity of the system.**B.** Thin client workstations require much less security because they lack storage and peripherals that can be easily compromised, and the virtual workstations are protected in the cloud where security is outsourced.**C.** All thin clients use TPM for core protection, and virtual workstations use vTPM for core protection with both equally ensuring a greater security advantage for a cloud-hosted environment.**D.** Malicious users will have reduced opportunities for data extractions from their physical thin client workstations, this reducing the effectiveness of local attacks.**Answer: B**

NEW QUESTION: 3The supply management policy which addresses purchases from suppliers who are also customers of the buying organization is the?**A.** Social responsibility policy**B.** Competitive bidding policy**C.** Supplier relations and treatment of suppliers policy**D.** Reciprocity

policy
Answer: D
Explanation: The supply management policy which addresses purchases from suppliers who are also customers of the buying organization is the reciprocity policy. The competitive bidding policy lists the dollar amount threshold at which a purchase must be bid. Supplier relations and treatment of suppliers policy cover the business practices and interactions with suppliers such as responses to bids and fair treatment. The social responsibility policy includes issues which are related to the diversity of the supplier base.
