NEW QUESTION: 4 Which of the following focuses on sustaining an organization's business functions during and after a disruption?
A. Business recovery plan
B. Continuity of operations plan
C. Business continuity plan
D. Disaster recovery plan
Answer: C
Explanation:
Explanation/Reference: Explanation: A business continuity plan (BCP) contains strategy documents that provide detailed procedures that ensure critical business functions are maintained.
Incorrect Answers: B: A recovery plan is focused on what actions to take after the disruption, while a Business continuity plan also includes procedures to keep critical business functions working during a disruption.
C: The plan that keeps the business functions operating during a disruption is not named continuity of operations plan; it is called a Business continuity plan.
D: A Disaster recovery plan is a plan developed to help a company recover from a disaster. It does not include operations to sustain business functions during a disruption.
