**NEW QUESTION: 2**HOTSPOTA manufacturing company has Windows Vista and Windows XP computers.You are responsible for upgrading all computers to Windows 7.You test the Windows 7 installation on a Windows Vista computer. Early in the installation process, you are prompted to choose the "Upgrade" option or the "Custom (Advanced)" installation option.You need to determine which installation option is appropriate for the different computers in your company.In the table below, identify the characteristics of the Upgrade and Custom installation options. (Make only one selection in each column. This question is worth two points.)Hot Area:**Answer:** Explanation:Explanation/Reference:Note:If you can't upgrade your computer running Windows Vista to Windows 7, you'll need to select the Custom option during Windows 7 installation. A custom installation doesn't preserve your programs, files, or settings. It's sometimes called a "clean" installation for that reason.
